

# COMROD AC15-BI

## 10" Marine multiband cellular antenna

### Application:

The AC15-BI is a high quality antenna designed for nearly all US and European cellular frequencies including GSM. It's rugged design means it can be installed on all kinds of vessels, from pleasure craft to ocean liners.

The good gain means it will give significantly better transmission quality than the mobile phone's standard antenna.

It does not require a ground plane.

It comes with integrated BNC coaxial connector.
